We have three Tourist Flats – one to accommodate five, one for seven and one for 10 people.

We also have seven Motel units - two accommodating six, three accommodating five, and two accommodating two each.

There is a kitchen in the camp site with two covered BBQ's, plus an

Our **fully licensed restaurant**, the HUNGRY HIPPO (African theme) can cater for evening meals for individual family groups, or breakfast, lunch and supper for larger groups. It is also suited for lectures (up to 20 adults seated) or prize giving and group meal venues. Self-catering is available in the campsite kitchen.

The **campsite ablution block** is cleaned daily and has a coin operated washing machine and dryer.

We have a small but nice **THERMAL STREAM** which rises next to State Highway 5 and runs through our Holiday Park. There are several soak pools for our accommodated guests, and the thermal stream runs through a park like environment for about 300m. The summer temperature is between 36 and 38 Deg C. in the top soak pool (a bit cooler in winter and on rainy days). Along the stream there is a normal swimming pool open only in the summer, as well as a children's playground running around area with swings and trampoline.

There is also a small TV room with an internet kiosk.

We have several pet goats in a paddock, and a few ducks.
