### Location:

Our Camp is located 2.5 kms from the Alpine village of Hanmer Springs and the Thermal Pools in the heart of the Hanmer Forest. It is beautifully located on 10 acres of land with an adventure playground and large play areas, surrounded by forest and mountains. Just a 20 minute walk to the village!

Once a Forestry Camp, it is now a great place for school camps, conferences, sports squad training and leadership development. We also offer a range of wheelchair accessible facilities.

### Accommodation:

We offer facilities for one class, multiple classes, small leadership groups or sports teams. Whatever the size of your group, we have the accommodation to suit.

Schools have exclusive use of a fully equipped kitchen/dining area, and we have four separate areas to offer.

We have a range of cabins available, a spacious campsite and a self-contained lodge that can sleep up to 30.

**Plan a school camp in Hanmer Springs and give your students an experience of a life time. Extend their horizons, build their self-confidence and encourage them to work as a team.**

### Catering:

We have an outside catering company that can cater for your school camp and plan a menu to suit your budget.

### Camp planning:

Steve and Lynne Brodie, camp managers, have been helping schools to plan and organise camps for many years and look forward working alongside teachers to plan an organise a great camp for your school.

### Activities:

We have an outdoor activity company on site, Activity Hanmer. They have a range of challenging and exciting outdoor activities for your school camp. Choose from mountain biking, tramping, overnight camps, bush skills, climbing, orienteering, problem solving, leadership training and weedbusting.

Activity Hanmer also provide team-building activities for conferences, corporate events, social groups and sports quads.

Activity Hanmer pride themselves on delivering excellent service to all their customers. Let their team of trained staff deliver a safe, challenging and stimulating programme tailored precisely to suit your group and your budget.

*“As a teaching principal, it is really great to find resources such as yourself that are able to organise just about everything. It certainly takes the pressure off”.*  
**Rebekah Clement, Lowcliffe School.**
