

“OutdoorsMark builds credibility and peace of mind”

“OutdoorsMark builds credibility and peace of mind for YMCA stakeholders, from campers and parents, group organisers, right through to our Board and insurers. The audit team is expert, constructive, and genuinely interested in helping us stay at the top of our game.”

Aidan Tansell
Manager, YMCA Camp Kaitoke
OutdoorsMark Certified - Sept 2009

OutdoorsMark is the national outdoor safety audit programme provided by Outdoors New Zealand. Designed by the New Zealand outdoor sector for the New Zealand outdoor sector.

If your organisation is involved in outdoor recreation, education, and adventure programmes, OutdoorsMark is for you. It provides an independent process for assessing the robustness of operational safety policies, procedures and practices for alignment with currently accepted outdoor sector standards.

Benefits of OutdoorsMark Certification:

- Promotes safe participation in outdoor recreation and education
- Raises standards in outdoor programme delivery
- Provides assurance that national outdoor sector standards for safety and professionalism are being met
- Reduces the risk of injuries and accidents in the outdoors
- Establishes procedures for continuous review and revalidation
- Provides assurance to participants, staff and the general public

OutdoorsMark sends a clear message that you are operating to current, accepted practices and fulfilling your health and safety obligations.
